SHIPPING DAMAGE: The state will not accept or pay for damaged goods. The contractor must file all claims against the carrier(s) for damages incurred to items in transit from the point of origin to the ultimate destination. The state will provide the contractor with written notice when damaged goods are received. The state will deduct the cost of the damaged goods from the invoice prior to payment. The contractor must file all claims against the carrier(s) for reimbursement of the loss.

SHORTAGES: The Contractor shall notify the ordering facility of out of stock/unavailable products as soon as possible after receipt of order and no later than one business day before delivery so that a suitable alternative product can be ordered if necessary. Suitable substitutions may only be made with the consent of the ordering agency in the event of out of stock or unavailable product situations. Such substitutions shall be of the same grade, quality, etc. Substitutions should not be made on a continuing basis. A written explanation of repeated substitutions may be requested by the contract administrator.

QUALITY ASSURANCE: All dairy products shall meet the bacteriological and chemical requirements of the U.S. Public Health Service Publication 229 (Grade A Pasteurized Milk Ordinance) as adopted by Alaska Administrative Code Title 18 (18 AAC32.05--18 AAC32.090):

- a) **Delivery Vehicles:** Supplies delivered under this contract shall be transported in a clean, enclosed vehicle. Vehicles shall be maintained in a sanitary condition to prevent contamination of the food items.
- b) **Delivery Temperatures:** Fresh products should be delivered between 32⁰ Fahrenheit and 40⁰ Fahrenheit. Frozen products should be delivered at 0⁰ Fahrenheit or lower.
- c) **Age on Delivery:** All products must meet the following minimum shelf life upon delivery:

Milk, whole	10 days
Milk, skim/low fat	10 days
Milk, chocolate	10 days
Egg Nog	10 days
Half and Half	10 days
Cream, Ultra Pasteurization	14 days
Buttermilk	14 days
Sour Cream	14 days
Ice Cream	120 days
Cottage Cheese	10 days
Cultured yogurt	14 days
Eggs, fresh	14 days
Eggs, liquid	14 days
Butter	14 days

- d) **Code Dating:** Date codes must be stamped or embossed on all individually wrapped packages/containers at the point of processing/production. Coding must represent the date of production, pasteurization, manufacture or pickup/pull date. Prior to, but not later than the first delivery, the contractor must furnish to the Contracting Officer and all ordering facilities the key code used to decipher or interpret code dates. When changes are made to the coding system, an updated key code will be provided to the Contracting Officer immediately.

AUTHORIZED RETURNS: The Contractor shall accept returns, at their expense, under the following conditions:

1. Products shipped in error;
2. Damaged products including concealed damage;
3. Recalled products;
4. Products that do not meet shelf life requirements;

5. Products that do not meet the minimum quality requirements as defined in this ITB;
6. Products delivered in unsanitary delivery vehicles; and
7. Excess quantities as a result of order input error by the State.
